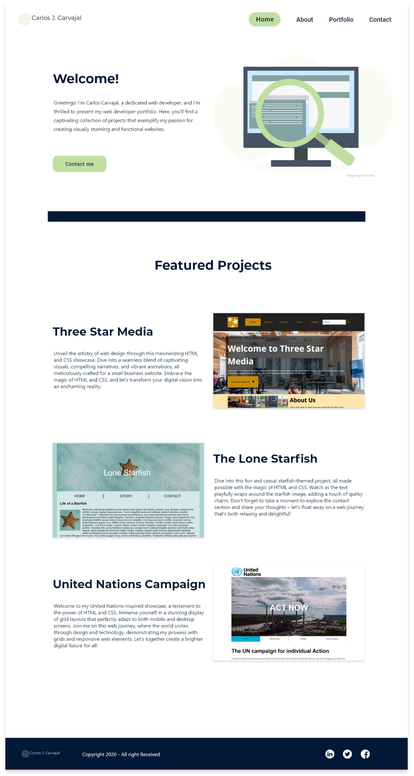
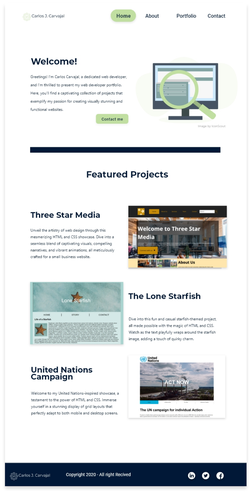
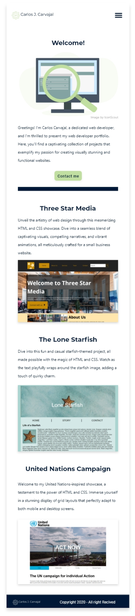
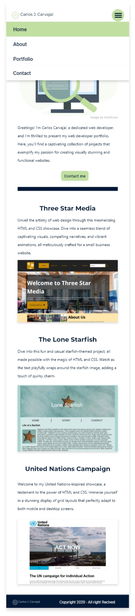
High-Fidelity Wireframes

Home



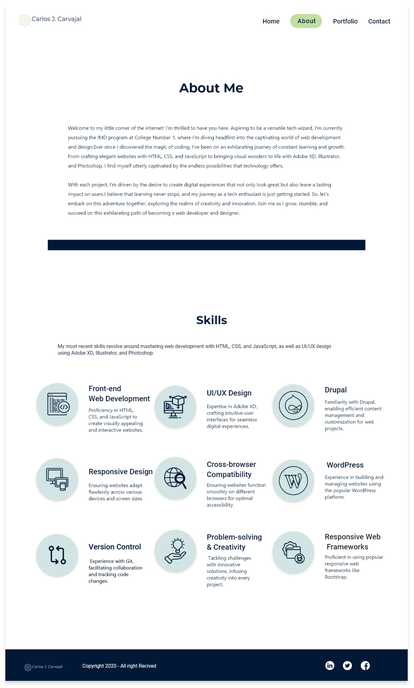






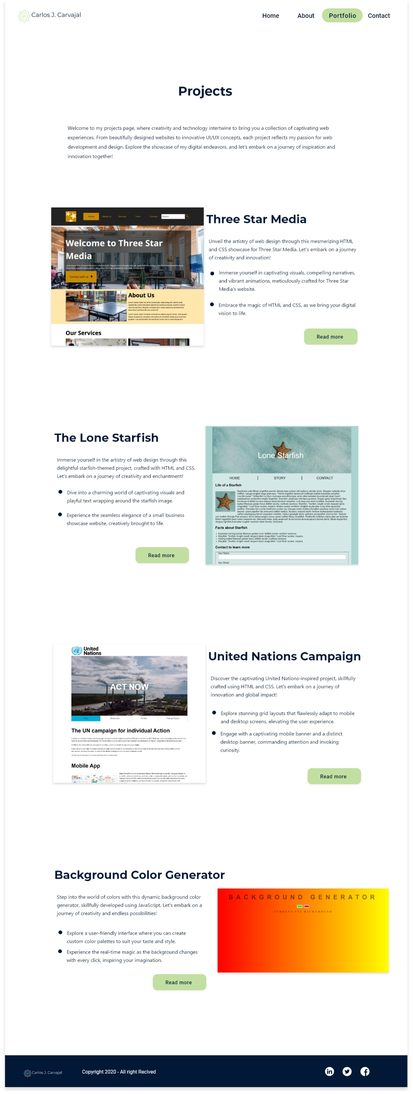
- Removed search button
- Added a green oval on the nav to see which page I'm on

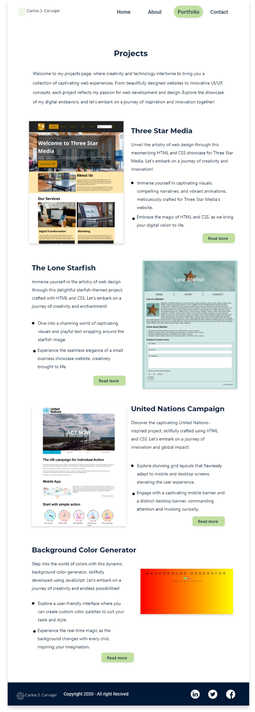
About



- Changed skills organization from two columns to one column so it doesn't look crowded

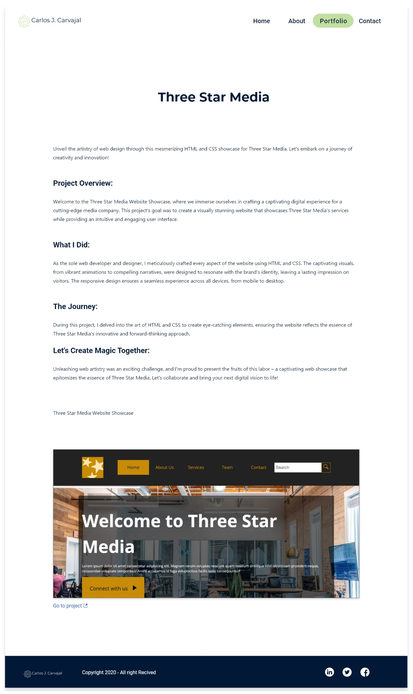
Portfolio

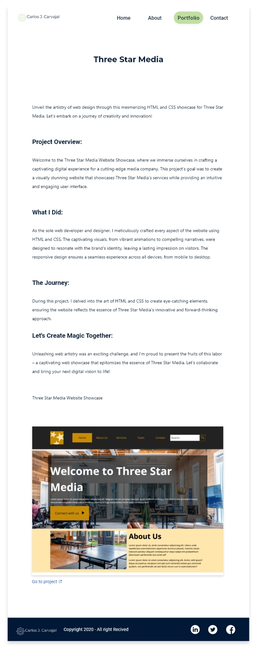




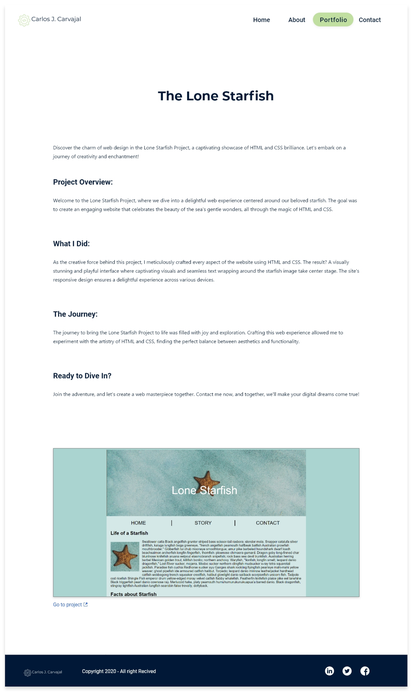
- Decided to add an extra project so the page is fuller and shows more skills

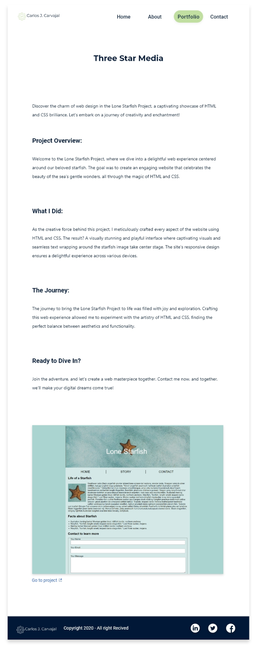
Portfolio: Projects

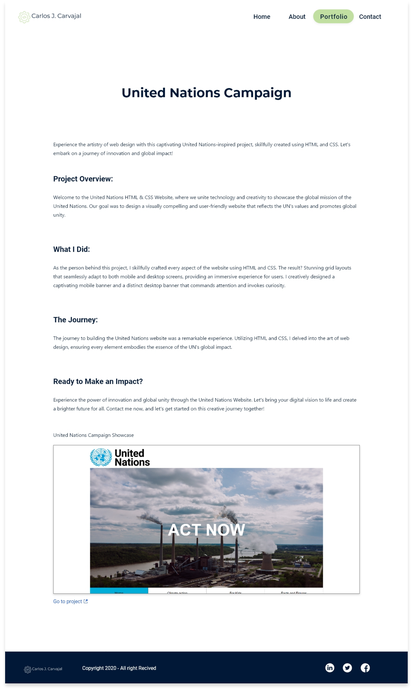


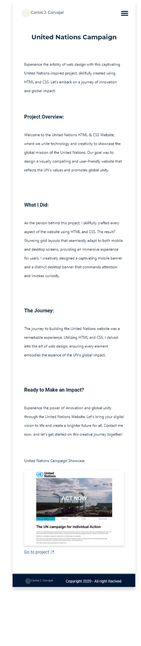


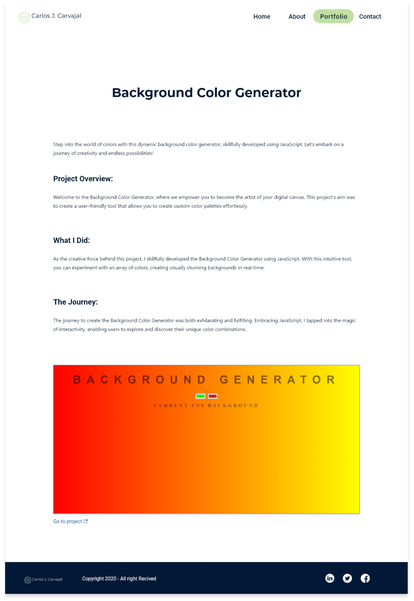
- Added a page for each project after clicking on learn more where there is a more in-depth description with a link to see the projects

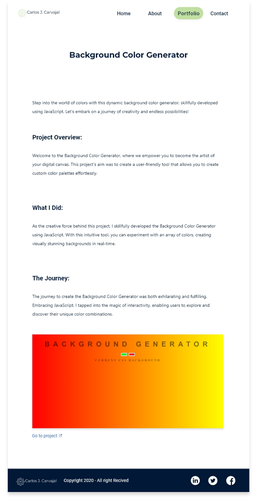


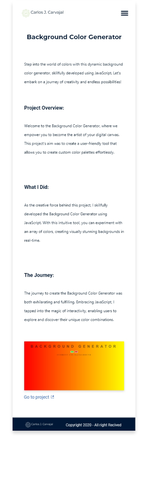




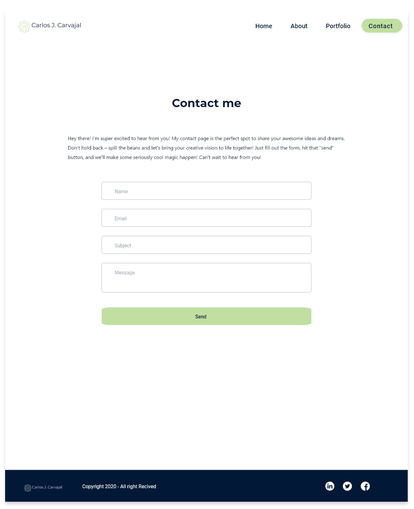


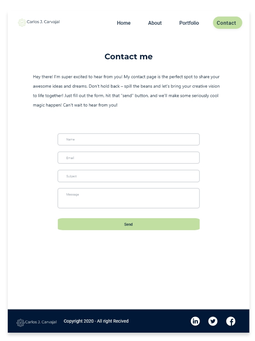


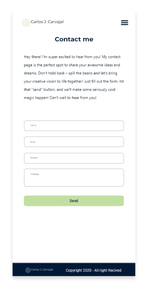




Contact







- Contact page stayed mostly the same, just changed the text on the buttons
